LARSON[®] STORM DOORS

REEB[®] IN-STOCK STORM DOOR CATALOG

Introduction

Adding a Larson® storm door improves energy efficiency of the entryway, reduces maintenance needs, and helps the entry door perform better.

Premium extruded aluminum and durable wood-core components provide superior protection against the elements while adding an abundant array of design options. Retractable, interchangeable and standard screen options offer even more opportunities to achieve the look you desire while helping to keep your home warmer in the winter and cooler in the summertime. All of Larson's extruded aluminum doors include a Limited Lifetime Warranty and the peace of mind that comes with ordering from a top-tier manufacturer.

We know these doors provide great performance and exceptional value, and Reeb® is committed to stocking over 500 combinations of designs, colors, hardware, finishes and glass options. This selection coupled with a fast lead time makes ordering from Reeb an easy choice when selecting a Larson Storm Door for your next project.

Measuring

Don't get intimidated when it comes to preparing for your new storm door.

Use the image below as a guide to measuring for a storm door. For the width, take one measurement across the top of the door (A), one across the middle (B) and one across the bottom (C). Record the narrowest dimensions. Then, measure the opening height (vertically) as shown (D). Record the dimension.

STANDARD DOOR SIZES	MINIMUM-MAXIMUM DOORWAY WIDTH	MINIMUM-MAXIMUM DOORWAY HEIGHT
30" x 81"	29-7/8" to 30-3/8"	80" to 81"
32" x 81"	31-7/8" to 32-3/8"	80" to 81"
34" x 81"	33-7/8" to 34-3/8"	80" to 81"
36" x 81"	35-7/8" to 36-3/8"	80" to 81"

Watch a video on how to measure at

Screen Options

Open Your Home to a Whole New View

Whether you want to let in light, a breeze, or both, Larson® storm doors offer a modern view with convenient features and unparalleled protection.

Retractable Screen

The retractable Screen Away® design converts the storm door to a screen door instantly and discreetly rolls up and hides when not in use.

- Built-in screen glides up and down for quick and easy ventilation
- Hides screen discreetly into cassette at top of door
- Provides ventilation and protection from outside elements

Available with:

Classic Elegance®, Lifestyle

Look for this icon:

Interchangeable Screen

The screen and glass are interchangeable, allowing for seasonal ventilation while showcasing the entryway year round.

- Provides uninterrupted views from your entrance
- Most include separate glass and screen panels that are used interchangeably
- Protects your entry door

Available with:

Classic Elegance®, Classic-View®

Look for this icon:

Standard Screen

Reversa Screen

The Reversa Screen has an integrated half screen providing ventilation at the top or the bottom.

- Integrated screen so no extra storage is needed
- Reversa Screen - Half-fixed screen: Adjustable glass for top or bottom ventilation

Available with:

Classic-View®, Life-Core®

Look for this icon:

Single-Vent

The traditional single-vent half screen allows for the bottom part of the glass to ventilate.

- Integrated screen so no extra storage is needed
- Single Vent - Half-fixed screen: For bottom ventilation

Available with:

Vinyl-Clad

Glass Information

Clear Tempered Glass

Available with all storm doors except Secure-Elegance®.

Double Bevel

Decorative double-bevel full view glass available with Classic Elegance® EasyVent® Selection and Classic Elegance® Elegant Selection™.

Low-E

High-performance glass offers better year-round insulation and reduces the harmful fading effect of the sun to protect your entry door and floor. Available with Classic Elegance® Series.

KeepSafe®

KeepSafe® Glass has a laminated security shield between two pieces of factory strengthened glass. When impacted, the broken glass clings to the laminated interlayer and remains intact. The glass is permanently affixed to the frame of the door so it stands up to repeated blows by blunt objects. Available with Secure-Elegance® only.

Platinum

Interchangeable & Retractable Screen

The Platinum Series, which is available in both Interchangeable Full Glass and Retractable Screen, is the ultimate storm door with added safety lock, better operation, a modern look and an installation that takes only a few minutes, not hours. Features a vault-like multi-point locking system, which secures the door to the frame at three points, and is backed by a **Limited Lifetime Warranty**. For more information, see page **10-11**.

Available Colors:

WHITE LINEN

WOODLAND

BLACK

Classic Elegance®

Retractable Screen

The Classic Elegance® Retractable Screen collection represents the premium offering. They offer the convenience of Screen Away® technology and the widest variety of style, glass, color, hardware and finish options. Each product in this line utilizes a keyed deadbolt lockset for enhanced security and is paired with a **Limited Lifetime Warranty**. For more information, see page **12-13**.

Available Colors:

Buyer's Guide

Classic-View®

Interchangeable Screen

The Classic-View® Full-View collection is an excellent option for anyone seeking a moderately priced Full-View storm door. This collection sports a slightly thinner construction, and will require extra storage for glass and screens when not in use. All Classic-View doors include a **Limited Lifetime Warranty**. For more information, see page **16**.

Available Colors:

Standard Screen

The Classic-View® Standard Screen is a great choice for those seeking a door with a reinforced kick-panel and a reversible screen which allows for top or bottom ventilation. These doors are available in your choice of white or brown with color-matching hardware. All Classic-View doors include a **Limited Lifetime Warranty**. For more information, see page **17**.

Available Colors:

Lifestyle

Retractable Screen

The Lifestyle door is an economy wood core door that includes Screen Away® technology and decorative hardware options. These doors are available in white only and feature a mortise lock with inside locking hardware in two color choices and a **10 year warranty**. For more information, see page **18**.

Available Colors:

Life-Core®

Standard Screen

The Life-Core® collection is an economy wood core door with unique features that make it more durable in high traffic situations. This is the perfect choice for Landlords and Property Managers who need a door that will stand up well to excessive wear and tear. All Life-Core doors include a **10 year warranty**. For more information, see page **19**.

Available Colors:

Vinyl-Clad

Standard Screen

Our Vinyl-Clad offering is an economy wood core door that features standard ventilation and standard hardware. It is available in white only and includes a **5 year warranty**. For more information, see page **20**.

Available Colors:

Hardware Finishes

Installation

All Larson® Storm Doors are equipped with EasyHang®. Here are just some of the benefits you can expect when choosing a Larson storm door. Check out page **21** for more information.

What makes the EasyHang® System so easy?

- An exact fit with mounting rail extenders
- Pre-drilled hinge locator holes
- Easy mounting with no cutting or sawing needed

Platinum Collection

Interchangeable & Retractable Screen

The modern design of the Platinum series is both innovative and attractive. It is a one-of-a-kind blend of technology and luxury with a built-in hidden closer and multi-point locking. From open to close, Platinum is the ultimate storm door with added security features and better operation. Backed by a Limited Lifetime warranty.

- Pre-assembled in frame for effortless surface mount installation in minutes; place on opening, insert pre-attached screws provided
- Pre-assembled screw covers snap tight to provide a full, finished look
- Triple weatherstrip surrounds the door and frame for perfect, seamless seal
- Built-in closer is hidden to provide a clean look inside your home. Click&Hold™ technology holds the door open when needed
- Vault-like, multi-point locking system secures the door to the frame at three points, providing ultimate security and protection

Fast Install

No experience necessary with our pre-assembled doors. Simply add your QuickFit™ handle, place frame on the opening, and secure in minutes*. Relax, you got this!

EasyHang® Installation

Larson® patented installation method is named EasyHang® for a reason.

Here are just some of the benefits you can expect when choosing a Larson storm door.

What makes the EasyHang® System so easy?

Larson Doors Offers:

- An exact fit with mounting rail extenders
- Pre-drilled hinge locator holes
- Easy mounting with no cutting or sawing needed

Easy Jamb Hole Locator System Provides:

- Exact alignment of the hinge rail
- Correct placement to the home

1 Insert hanging screw

2 Install hinge to door

3 Hang door on home

4 Adjust height

Install hardware, expander and enjoy!

Classic Elegance® 146-FV in Almond

Trade-Matched Colors

Larson® Storm Door colors are Trade-Matched to Reeb® Finish Paint colors and Reeb Finish Aluminum Clad colors.

What does Trade-Matched mean? Each paint color is applied to a different substrate and the end results are colors that are similar in appearance but not exact matches. Please view the color comparison chart to see which colors are trade-matched to each other.

View Color Comparison Chart online at reebfinish.com/trade-matched
